

Avocado MicrobiotA

DATA SHEET

- **AvocadoMicrobiota Filling** owned by Microendo Inc, is the first product made from the selection of the best microorganisms obtained from avocado plants, being a unique and patented product in the market.
- **AvocadoMicrobiota Filling** is a bio-inoculant made from a probiotic mixture that stimulates the filling of the Avocado fruit.
- In addition to strengthening the immune system of the plant and reducing stress in it; recovering the **Microbiota**.
- With the use of **AvocadoMicrobiota Filling** you can reduce the use of your chemical fertilizers by up to 30%. Providing you with a 100% organic solution in a more logical and natural way with the environment.

BIOLOGICAL COMPOSITION

- ***Enterobacter spp* 1X10¹⁴ UFC/ml**
- ***Pseudomonas spp* 1X10¹⁵ UFC/ml**
- ***Bacillus spp* 1X10¹³ UFC/ml**
- ***Pseudomonas spp* 1X10¹⁵ UFC/ml**

BENEFITS

- Bio-inoculant specially designed for Avocado filling.
- Increases fruit size.
- Microbiota balance.
- Protection against pathogenic fungi.
- Reduces plant stress.

APPLICATION METHOD

AvocadoMicrobiota Filling comes from a fresh and metabolically active culture, which is why its use is recommended at the time of receipt.

- The product is applied injected to the root, with pump or directly into the irrigation system. Always make sure that the implement to be used has not had a previous bactericide or fungicide. Wash the fertigation pump or water tank very well before using them. Preferably use neutral soap powder.
- Do not eat, drink or smoke during applications, wash your hands before and after using this producto
- It is recommended to dilute for 2.5 acres, 1 Liter of **AvocadoMicrobiota Filling**, composed of **Stimulant, Antistress and Protector**, 333 ml of each product in natural water as clean as possible. Never put only one of the three components, because the three products of **AvocadoMicrobiota Filling** act together.
- Do not dilute in more than the indicated amount of **AvocadoMicrobiota Filling** because microbial cultures require a minimum concentration to act.

APPLICATION FREQUENCY

It is recommended to make 3 applications per 2.5 acres for optimal colonization of the plant with a frequency of 7-10 days each, which will achieve healthy plant nutrition and crop defense. Repeat the treatment every two months.

DOSAGE:

Crop	Avocado
Dosage	1L/2.5 acres
Frequency	7-10 days
Application	3 applications

COMPATIBILITY WITH OTHER PRODUCTS

AvocadoMicrobiota Filling is compatible with some fertilizers.

In case of making an application of any bactericide, fungicide, pesticide or insecticide, it is necessary to review the residence time of said product and ensure that the application of **AvocadoMicrobiota Filling** is outside this period, as well as washing the material with which the application is going to be made, with neutral soap to ensure that traces of the product are avoided.

Consult your technical advisor for compatibility with other products.

It is not recommended to apply **AvocadoMicrobiota Filling** if a subsequent application of bactericides, fungicides or any similar product is planned because this would end the population of microorganisms applied with **AvocadoMicrobiota Filling**.

STORAGE AND TRANSPORT CONDITIONS

- Store the product in cool, covered places at room temperature.
- Do not expose it to the sun's rays.

TOXICITY

100% organic product.

It is not phytotoxic at the recommended concentrations, stages and forms of application. In case of ingestion or discomfort at the time of use, induce vomiting and consult your doctor.

Let's treat our crops with organic products!
